# DRAGON DRIVE

All over the world, kids are getting into Dragon Drive, a virtual reality game in which they fight atop the backs of powerful dragons. But, as some of the players are learning, Dragon Drive isn't just a game. Crossing between Earth and the magical world of Rikyu, kids and dragons must join forces in a battle that will decide the fate of both worlds!

## DEPARTURE

The boundaries between Earth and Rikyu have shattered, and only Takumi and his dragon Raikoo can heal the two worlds. Now Takumi is on the run from Ri-IN, a shady organization with a mysterious interest in the Raikoo dragons. Fortunately, help is on the way: four veterans of the previous Rikyu conflict have reunited as adults to join the new battle!

## Ken-ichi Sakura

When I'm at work I often think about doing this or that for my health, but as soon as work is over the feeling drifts away and I wind up doing nothing. If only I could be more active... sigh...

(It's hopeless.)

Ken-ichi Sakura's manga debut was *Fabre Tanteiki*, which was published in a special edition of *Monthly Shonen Jump* in 2000. Serialization of *Dragon Drive* began in the March 2001 issue of *Monthly Shonen Jump* and the hugely successful series has inspired video games and an animated TV show. Sakura's latest title, *Kotokuri*, began running in the March 2006 issue of *Monthly Shonen Jump*. *Dragon Drive* and *Kotokuri* have both become tremendously popular in Japan because of Sakura's unique sense of humor and dynamic portrayal of feisty teen characters.
